CLASSIFICATION OF CUSTOMERS TO WHOM SERVICE IS MADE AVAILABLE

---

Gas service is made available under the rules, regulations and terms and at the rates contained in this Tariff, to the following classes of customers:

Residential Customers

(C)

Customers receiving the Company's gas service to a single family dwelling or building, or through one meter set to three or fewer dwelling units in a multi-family residence or building, or through one meter set to a combination of one dwelling unit and one or more business premises, where the residential premises are the predominant gas use factor. A Customer is defined as a natural person in whose name a residential service account is listed and who is primarily responsible for payment of bills rendered for the service or any adult occupant whose name appears on the mortgage, deed or lease of the property for which service is requested.

For purposes of curtailment and priority of service pursuant to Rule 7 - Curtailment of Service - master-metered housing projects, which are otherwise classified as commercial, shall be considered residential customers, provided the units in the project are self-contained, that is have individual heating units.

Commercial Customers

Customers who are engaged in selling, warehousing or distributing a commodity or service, including boarding homes and personal care homes, engaged in some business activity or profession, or in some other form of economic, social, or cultural activity, not primarily involving the manufacturing or processing of a product; and customers who receive the Company's gas service through one meter set to a combination of four or more dwelling units and through one meter set to a combination of up to three dwelling units and one or more business premises, where the business premises are the predominant gas use factor.

For purposes of curtailment and priority of service pursuant to Rule 7 - Curtailment of Service - master-metered housing projects, which are also included in this classification, will be considered residential customers, provided the units in the project are self-contained, that is have individual heating units.

Industrial Customers

Customers who are engaged in a process which creates or changes raw material or unfinished materials into another form or product.

Heating Customers

Customers who use the Company's gas as the principal fuel for space or building heating.

---

(C) Indicates Change.
